3. Your observation during the recruitment drive. Pls find the following abilities/skills you think that are inculcated in our students.

Are you willing to revisit again?

26 responses

How could our programs be improved? What specific comments do you have regarding the curriculum enrichment?

26 responses

The drive should be divided into parts. Everything in one day exhausts us. Exam, Result and interview should be separated into 2 days.

Include more live projects in the curriculum for a better exposure and knowledge of industry

More focus on professional skill enhancement

More session from industrial experts to make students aware about the corporate culture.

Peer Learning can be enhanced among students. Like students getting placed at first go can mentor their batchmates and help pre final year students to be aware of the opportunities available with various organisations
