Mission of Alumni Department

- To collaborate in JECRC's commitment to become a leading technical education institution.
- To fulfill this mission by cultivating a diverse community of learning and discovery that produces leaders across the spectrum of human endeavour.
- JECRC Alumni Association aspires to provide meaningful engagement opportunities for all JECRC Alumni to be involved with the institution and connected to each other. Today, 20 years after the founding of JECRC, alumni remain as engaged and connected to the College as ever, JECRC Alumni Association represents a vibrant and diverse community – a family that is continuously growing and adding new members, whose spirit and determination are unrivalled.
- The JECRC Alumni Association aspires to represent, mobilize and serve this community on campus and around the world.

Vision of Alumni Department

- JECRC Alumni Association aims at connecting the JECRC Alumni with their Alma-Mater and present students with a clear focus on mutual growth and development of the student community and Alumni Community simultaneously. The JAA strives to strengthen the Alumni - Alumni, Alumni-Student, & Alumni-Institute network all throughout the year by organizing activities and events that benefit all the community's activities at large at JECRC. It also strives to bring training, internship and placement opportunities for the present students through the Alumni Community which results in mutual growth of the community and institution at large.

Alumni Policy

- The JECRC Alumni Association will strive to provide a platform for constructive engagement between alumni, students and the institution.
- The JECRC Alumni Association will regularly organize Alumni meets and Alumni reunion chapters in the different parts of the country and overseas.
- The JECRC Alumni Association will recognize and acknowledge its alumni for their achievements.
- The JECRC Alumni Association will provide opportunities to Alumni for participating in various online and offline activities being organized in the campus.
- The JECRC Alumni Association will offer an honorarium of 5,000 to the Alumni for delivering a talk to the present students.
- The JECRC Alumni Association will provide a channel to alumni for easy access to necessary documents that they may need for career growth, higher studies and government jobs.

Online Alumni Platforms

ALUMNI PORTAL:

www.jecrcalumni.com Interface:

JECRC Alumni website is an online platform that is created with highly advanced features of integrated social channels and advanced communication platforms. It minimizes the distance between Alumni-Alumni, Alumni- Institute and Alumni- Students bringing them closer to each other in the digital world, where they can share their ideas, ask questions, stay updated about college happenings and upcoming events. It provides the members with the following:

- A platform to share the job and internship opportunities for the students with complete transparency of the recruitment and selection.
- Mentorship Model, where the experienced Alumni in their field of expertise agree to become mentors and impart training and mentoring to the peers and juniors.
- An open platform to put mindful discussions about topics completely moderated by the admins.
- Digital I-Card given to all registered alumni on the platform.

New York Alumni Meet

1. Every year JECRC organizes meetups in various parts of India & world. The latest addition to the series is the recently organized US chapter meet up at Times Square, NYC. on 1 Sept, 2019. Led by senior professor Ms. Shruti Kalra, the meetup was fun & memorable. The alumni residing at various places in the United states, working in diversified sectors gathered to relive old alma mater days. Such meetups are an occasion to network & exchange experience. JECRC wishes them very best for their future endeavors. #USAlumniMeetup

Hyderabad Alumni Meet

"We will reunite once again, with the odds of beginning, not ending." On Sunday, January 5th, JECRC organized the "Hyderabad Alumni meet" for all JECRC campuses. From senior-most batches to recent most graduated batch graced the meet with their presence. They exchanged their learnings & shared their experience over dinner, creating new memories. It was a good networking event, strong & substantial networking happened amongst each other. They came to know more people from JECRC in their city. We hope you'll keep meeting in the future & continue this meetup initiative.

Alumni Interaction Series

Alumni Interaction Series provides free and open access to alumni sessions taken by distinguished alumni located across India & the globe. The aim of the series is to expand the quarantine productivity, bridge the gap between alumni & students' knowledge horizons for all who wish to learn. Keeping this productivity thought in mind JECRC Alumni cell launched an "Alumni-Student Interactive Session" series in which JECRC Alumni who are now experts in various fields interacted with students via video conferencing. Alumni interacted with students, talking on various industry things, sharing experience, sharing skill sets, giving advice, etc. The series witnessed a wide range of sessions, each with a unique perspective.

Meet and Greet Sessions

Meet and Greet Sessions

Alumni session organized in the campus for the guidance of the students in higher education and to choose from various career options available out there. The mantra behind this activity is to provide the present students with the opportunity to learn from the experiences of their seniors and get the success codes from them. This also gives a chance for the students to get their questions answered from the ones they can most relate to

Startup Ecosystem in JECRC- the ones who refuse to fit in boxes!

Entrepreneurship in India is yet to reveal its hidden potential. It will not only help India to frontier with the world leaders but also unlock the quality of brains that we are so proud of. With this idea JECRC wishes to inculcate and enrich the entrepreneurial environment in the campus and the country at large by creating an easily accessible and exhaustive set of resources for the entrepreneurs, which including the students, the budding professionals, mentors, the angel investors and the venture capitalists through various fun-filled yet educating sessions such as start-up meets, competitions, e-talks and so on and so forth

JECRC believes that entrepreneurship is not just about starting companies, but a pathway towards India's socio-economic development. Our vision is to make students and faculty 'entrepreneurial' in every work that they do. We hope to enable them to solve global challenges as we see students as the greatest capital and intend to nurture them, provide them with opportunities for excellence.

The Incubation centre by JECRC strives hard to make the student's entrepreneurial journey smooth and infuse the spirit of entrepreneurship among others. It aims to unlock students' latent inventive potential. Not only do we show the doors of opportunity but we also equip ourselves to walk through it. Through our conference, social events, lectures, speaker engagements and workshops, we're hoping to bring together everyone interested in the startup world and to help students best utilize resources to find or join startups.

And the best example of the support that JECRC provides by always being the cushion in the entrepreneurial journey of its students can be very well seen from the larger number of alumni who have gone out of the box and started their own start ups which deal with a variety of fields ranging from manufacturing of Jaipur Belt to being the producer of movies. With more than 150 alumni startups JECRC stands high to provide guidance to it's present students by organizing talks between present CEO's and the budding Founders, that quenches a lot of budding answers and gives birth to new ideas simultaneously. What can be better than hearing it from the ones who have been in the same boat and sailed it to nooks of the world yet to be explored by others.

Creating Leaders in various Fields:

If education were defined in true sense, it would be a system that not only roars with shining academic grades in a particular stream, but a system that respects and supports the uniqueness in every individual and nurtures it in a way that can help produce the best out of each individual, and JECRC lives by it. With a vintage of 18 years and 9000+ Alumni spreaded across the globe, JECRC stands tall with its Alumni influencing various walks and fields of life and career choices making a difference in the society. JECRC Alumni are working with diverse fields like Indian Airforce, Navy, Army, Corporate Houses, Start ups, and Government sector.

First-Year Student Interaction Program

Interaction welcomed the incoming first-year students to Jecrc College, providing them with an understanding of the values, legacy, and diligent spirit of the institution. JECRC Alumni showed that it's of paramount importance to stay connected and share what has been gained over time and show the way forward to juniors. This sense of giving back to the alma mater is what makes JECRC Alumni truly extraordinary.

Testimonials

Naman Goyal - JF
(ECE 2008), Writer - Director

I consider myself lucky that I had the opportunity to work in close quarters with the JECRC College headed by Shri Amit Agrawal and Shri Arpit Agrawal, which really is the most inspiring and direction giving set of people I have ever come across in my life. Even though I opted for a very different career path of filmmaking, the JECRC College magically ENSURED that I had the launchpad to take the flight I always dreamt of. My gratitude for them is immense. And now, many years later, the JECRC College still cares the same way about their alumni, not to forget the meticulous work put in by Ms Priyanka Shukla and the JECRC Alumni Association.

I feel just wonderful that I have a support system other than my family and close friends in the form of a beautiful organization like JECRC. Love you JECRC...!

Harish Yadav
(CSE 2012), Envestnet Yodlee

I found that whatever I had learnt during those four years laid the College of my professional life. I had a huge amount of support from both, the staff and the faculty members who will go out of their way to help you. Right from the theoretical knowledge to writing my first code of C in a computer lab, I was guided by some of the most scholarly and erudite teachers like Mrs Richa Sharma who molded me as a programmer and on the basis of those teachings I can strive for success in my career. Finally, the Alumni relations cell to which I came in contact lately has played a key role for me to get linked with a lot of JECRCians. I found it extremely useful to get connected with a number of classmates.

Jai Pandya - JECRC
(CSE 2010), AVP - TalentPad

More than anything else, this time spent here taught me the way of life. Other than regular studies I enthusiastically participated in co-curricular activities - acted as a journalist as a part of college's media league; tried my hands at real life coding for the first time while creating renaissance website; made sure with the team that our college once again made a record for maximum amount of blood donated in a day-long camp. All of it was so much fun! By the time I left the college, that shy boy had transformed into a confident one who knew what he wanted in his life.

I consider it the biggest gift this college gave me. I really love how our college is taking new initiatives forward with JECRC Alumni Association and making sure that all of us stay connected. I wish everyone from our college all the best.

Saurabh Bhatia - JECRC
(CSE - 2012), NAGARRO

JECRC is a playground which trains as per the ability of an individual. I am very proud to say, I got an opportunity to get trained with such an institution which does not only focus on delivering education to students but plans it in a way to groom the skills and produce professionals out of them. With an absolutely right set of faculties and laudable senior management, this institution has always graced each student to success.

Right blend of academics, extra-curricular activities and professional training gave me an insight of my abilities and hence helped me in building my future to the best of my abilities.
