The help beyond

Limca Book of Records

Description- The happiest moments in our lives are when our hard work is appreciated. In the year 2017, our team added another feather in our cap as we have registered in the LIMCA BOOK OF RECORDS by making the largest origami flower basket.

With the official unveiling of the Limca Book of Record's Certificate, we have yet again etched our name on the walls of this institute. We would like to extend our gratitude towards respected AmitAgrawal Sir, Respected ArpitAgrawal Sir and the entire JECRC Family who motivated us to achieve this accomplishment. Students of Team ZARURAT, Jaipur Engineering College and Research Centre, Jaipur, Rajasthan, assembled 24,626 tricolored handmade origami flowers in a flower basket a record for the largest display of origami flowers at the college premises. The target was accomplished over two phases;

First Phase

The first was the making of the origami flowers, which took place on 26 February 2017, over 11 hours.

Second Phase

The stage of achievement can't be owned in a single day it requires numerous days and night and equal amount of hard work and team work. And as we have this huge team as our asset, so we thought of writing down the Team's name in golden letters. And we have successfully done that. It was team work that reflects in the record we made. The work was started in 27th

February of making 24,626 origami flowers. The work was making paper flowers of three colors of the flag. The team within 24 hours completed 24000 handmade origami flowers and became ready for a record. The message behind the record was to inculcate the importance of team work. And on 7th march it was assembled to build a new LIMCA BOOK OF RECORDS. The second was the assembly of the flower basket, symbolizing the national flag, on 7 March 2017, over 10 hours.
